**Subject:** ERT Gold King Update

ERT Activities for Gold King Mine Response:

- ERT on site assisting with immediate water treatment, clearing of irrigation canals, and groundwater assessment.
- ERT providing support, including the use of SERAS contract, on health and environmental data analysis and presentation.
- ERT flying in tonight to assist with presentation of information at public meetings in Farmington, NM.
- ERT providing remote support on longer term water treatment options.
- ERT continues to be engaged on data management.
- ERT providing phone support to R8 on analytical chemistry and metals analysis.
- ERT working with OEM HQ-EOC on health and safety issues.

As of today, we will have 3 staff members on site (in various locations) with many others providing technical support from their duty station. If you have any more questions, please contact me directly.

Thanks and have a great weekend!

-Chris
